

DEATH OF ORNER TRIAL BY A NOTE

Woman Testifies that Mrs. Orner Told Her that She Killed Husband.

Mrs. Lucile Archer, who has been a witness for the defense in the Agnes Orner trial, has been called to the witness stand in the sixth trial of Mrs. Orner for the alleged murder of her daughter Lillie.

Mrs. Archer gave as her reason for changing her testimony a note which she said had been written to her by Mrs. Orner while Mrs. Orner was in jail here. When she reached this point in her testimony Tuesday afternoon, the jury was excused in order to permit the attorneys to argue whether or not this note could be introduced in evidence. It was carried over until Wednesday morning and the court ruled that, as the note would not be a confession, it was inadmissible.

Mrs. Archer proceeded with her testimony. She testified that, at the time Mrs. Orner was quite sick and thought she was going to die, "Mrs. Orner told me, 'I killed poor Alfred,' Mrs. Archer declared.

Mrs. Archer testified that "on several occasions Lillie Orner said to her mother in her presence, 'Mama, you know that you have killed your son, don't you?' On these occasions Mrs. Orner would always tell Lillie to run away and play and not talk so much, the witness testified.

Quickly Relieves Without Distress

The congestion of waste and refuse from the stomach, fermenting in the bowels, generates poisons which cause distress and irritate the system. Health and comfort demand that this congestion be speedily relieved and the foul mass expelled.

The soft, foamy action of this medicine has the effect of clearing the bowels by using the combination of simple laxative and cathartic which is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A dose at night brings relief next morning, without discomfort or inconvenience. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 152 Washington St., Monticello, Ill.

IS SIXTY-TWO FEELS LIKE BOY

Popular Sheet Metal Worker Had Been Unable to Get Any Help.

Since Plant Julia has been introduced here scores of well known local people have testified as to benefits they have received. Recently Mr. J. E. Herold, sheet metal worker, who has lived at No. 124 Warrington street, Pittsburg, Pa., for the past 12 years, made the following interesting statement:

"I was living in Pittsburg for the past 25 years and owing to my age, 62 years, have been 'gradually going down hill.' While I was not sick enough to be in bed, I was always miserable. For two years I had suffered from stomach trouble. My food did not digest and I was very nervous and at night could not sleep. I had been unable to get any help and had become discouraged. I had frequently read about Plant Julia and decided to try it. From the first day I noticed a change in my condition. I was able to eat and sleep and was feeling better. I had been told that Plant Julia was the only thing that had cured me."

Plant Julia is sold in El Paso at the Kelly & Pollard Drug Store, where it is being introduced and its merits explained.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If tongue is coated give "California" Syrup of Figs.

Every mother realizes, after giving her children "California" Syrup of Figs, that this is their ideal laxative, because their love for this pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this "California" Syrup of Figs, and in a few hours all the foul, constipated waste, sour bile and undigested food is out of the system, and you have a well, playful child again. When the little system is full of cold, throat sore, has stomachache, diarrhoea, colic, or a fever, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California" Syrup of Figs handy; they know a teaspoonful today may mean a comfortable tomorrow. Ask your druggist for a 50-cent bottle of "California" Syrup of Figs, which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so do not be fooled by the imitation made by "California" Fig Syrup Company. —Advertisement.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, but no one knows the cause of their headache, and in most cases, nothing is done to relieve the pain. The cause of the headache is not always the same, but it is always the same result, a headache. The cause of the headache is not always the same, but it is always the same result, a headache. The cause of the headache is not always the same, but it is always the same result, a headache.

SICK HEADACHES

Sick headache, the most infernal of all headaches, is the worst kind of headache. It is a headache that is caused by a sick stomach. It is a headache that is caused by a sick stomach. It is a headache that is caused by a sick stomach.

"RED" MULLEN'S HELFROMER

Located in Room in Juarez Following Finding of Rosenberg Body.

W. J. ("Red") Mullen was charged with murder Wednesday morning in justice J. M. Deaver's court, following the finding of Maurice Rosenberg's body in an irrigation ditch below the city.

The arrest of Mullen followed a careful investigation of the Rosenberg case which had been under way since the direction of Capt. W. D. Greet, of the police department. The movements of the man now in jail have been traced to a room in the city, where he was found by police officers on Tuesday morning. He was located in a room which had been locked from the outside with a padlock. They secured entrance to the room and found the man within. He was taken into custody and after a brief examination was transferred to the international bridge and crossed to Juarez. Upon arriving on this side he was arrested by detective Fred Delgado and brought to the police station. At the station he was protected by an armed guard.

Located in Juarez.

The police were advised Tuesday morning that Mullen was in a certain room in Juarez. The aid of the Juarez police was sought, resulting in officers going to the house and making the arrest. The man was found in a room which had been locked from the outside with a padlock. They secured entrance to the room and found the man within. He was taken into custody and after a brief examination was transferred to the international bridge and crossed to Juarez. Upon arriving on this side he was arrested by detective Fred Delgado and brought to the police station. At the station he was protected by an armed guard.

Other Business Men Tried.

During the investigation following the disappearance of Rosenberg, the detectives and police claim to have found evidence of alleged stories told by Mullen to other business men of Juarez. The man was found in a room which had been locked from the outside with a padlock. They secured entrance to the room and found the man within. He was taken into custody and after a brief examination was transferred to the international bridge and crossed to Juarez. Upon arriving on this side he was arrested by detective Fred Delgado and brought to the police station. At the station he was protected by an armed guard.

"CORRAL BOSSES" TO MAKE PLANS

Mass Meeting to Be Held Saturday Night to Arrange For Cattlemen.

A mass meeting of citizens interested in insuring the success of the Panhandle & Southwestern Stockmen's association convention will be held in the chamber of commerce at 8 o'clock Saturday night. All of the "corral bosses," general entertainment committee of the chamber of commerce and entertainment and program committee of the convention will be in attendance. Plans for making the kind of a convention in El Paso will be arranged.

El Paso is already taking on a holiday appearance for the big night. Both the city hall and courthouse have been decorated, as have the Union bank and the American Trust company building. The city hall will be decorated with bunting. Committees will be appointed at a meeting to be held Wednesday afternoon to make arrangements for the decorating of all downtown buildings.

Headquarters Being Established.

Many of the big delegations have already secured their headquarters here. Amabilio is sending a special train, loaded with Panhandle and Dever valley cattlemen. The headquarters of this contingent will be the main parlors of the Hotel Sheldon. Albuquerque, whose delegation comes here with the announcement that they will fight to the last vote for the 1915 convention, has reserved the entire ball room of the Hotel Paso del Norte and sleeping accommodations for 199 well, installed in the big room. The headquarters of the delegation will be located on the third floor of the hotel. A message was received Wednesday announcing that Canadian, Texas, will send a delegation of 70.

Information Bureau.

General headquarters will be maintained at the Hotel Sheldon, next to the office of William H. Harte, secretary of the association. The headquarters will be in charge of Harry Burwell and an assistant. All of the visitors will be asked to register. The names of all association members have been secured and, when they register, they will be handed the official badge and scribbled with their name and a ticket admitting them to all entertainments.

In the Hotel Paso del Norte, the chamber of commerce will establish a branch information bureau for the purpose of assigning quarters. More than 1200 delegates have been listed.

At the meeting of the entertainment and program committee, to be held this afternoon, the complete program of the convention will be decided upon. All routine business will be completed, clearing the way for the big meeting Saturday night.

SCHOOL PUPILS TO PLANT TREES

Hundreds of Shade and Fruit Trees to Be Distributed Over City.

Plans for the planting of hundreds of shade and fruit trees by the school children of El Paso were made Tuesday at a meeting of the civic improvement committee of the chamber of commerce. The planting will begin as soon as the trees can be ordered.

Walter Kohlberg, chairman of the committee, has secured low rates for various kinds of trees. It is planned to have hundreds of these delivered to the schools when it is found how many can be used. To determine the amount required, lists will be printed and given to each school child. These will be turned over to the parents by the children and the amount of trees desired will be indicated by the parents. The trees will cost about 25 cents each.

All of the trees are to be planted on private property. Arrangements will be made to have the teachers give short talks on the best methods for planting the trees. The matter of distributing the trees through the schools will be taken up with the school board at its meeting on Thursday night.

Those attending the meeting were Mr. and Mrs. Walter Kohlberg, Mr. and Mrs. Ben Ornstein, Mrs. A. P. Averill, Miss Alice Pittman, Miss Mrs. Pratt, A. H. Hingey and K. L. Simons.

JOHNSON'S DELAY POSTPONES FIGHT

Heavyweight Battle May Take Place March 17, if Negro Gets to Juarez.

Jack Johnson and Jess Willard will not meet on March 9, Jack Curley says they positively will meet at some future date at the race track across the river. March 17 is the date now suggested, but it may be still later. A lot will depend upon the movements of the champion.

There is an anxiety to have the fight headquartering. Early this morning on hearing of the St. Louis report that Johnson had called off the hounds Curley sent a long cablegram to a personal friend in Havana to get in touch with Johnson and get the right of way.

Tom Jones Sent For.

There was then a hurry-up call for Tom Jones, manager of Jess Willard, and for the other members of the promotion syndicate. Curley and Jones went over to the race track for a conference with the officials there and, on returning to the city, Curley went into executive session at night headquarters with his partners.

"Waiting, just waiting," is the way Curley explained his position. "We haven't heard from Johnson yet, but we will likely hear this afternoon or by tomorrow morning at the latest."

Postponement is Positive.

A postponement is positive, however. Johnson is a party to the articles of agreement and we can't announce any new date until we hear from him. I am placing little faith in the wires from Havana. I know something about the promoters down there, and I wouldn't put it past them to attempt to queer the fight at Juarez. I don't believe in the picture. It is a danger of Johnson being excommunicated from Mexico that there is from Cuba. I don't look for him to have a fight with me when he lands at Tampico, though some of the Havana people may have scored the negro into thinking that he will."

TODAY'S AMUSEMENTS

"HYPOCRITES" HERE SATURDAY.

Judging from the advance comment and interest shown in the three days' engagement of "Hypocrites" at the Wigwam, Saturday, Sunday and Monday, the attendance will undoubtedly rival that of "Killing Time" picture. "Hypocrites" is a high class, moral, worthy production in every way. It teaches many lessons and its daring scenes but to emphasize the lessons. It is not a picture for the morbidly curious. The New York Sun says of it: "The picture is in Art. A woman stepped on the stage—so, the screen of the Longacre theater last night in a fashion that will set all Broadway talking. As Tracy, the screen, she was a figure of beauty in an allegory."

The clever producers, the Bowthorpe, with Louis Weber, one of the most artistic of American playhouse originators, as director, have really added another mystical cloak to the near-classic form of Miss Edwards.

Only partly defined, this is a complex play, a play of the mind, a play of the play employing this troublesome method. Louis Weber has overcome all of its difficulties and has achieved a perfection of style and execution that has not been surpassed. Her picture in blue tint of a broad, sun-blazoned river with silver ripples and seen from the bridge of a tony motor launch has been surpassed by neither salon painter nor photographer.

"The picture is a beautiful illustration of the straight living there may be force in it. Miss Weber has affected in it a new revelation of the possibilities of the photograph and that and her courage must both meet commendation."—Advertisement.

Men's Easter Suits Hats and Furnishings

Unusual Clothes—the kind that tower above the ordinary—clothes that are strikingly smart and intensely individual.

Hart, Schaffner & Marx, Rogers Peet Company and "Fitform" Suits for Young Men.

A wonderful assortment of new Spring patterns, models and qualities.
